- Brochure and Pamphlet Designer

FAITH STORY

I was baptized Presbyterian and grew up in the Methodist church where I was active in MYF (Methodist Youth Fellowship) teaching Sunday school. My greatest influence as a child was my Grandmother who was Baptist. As an adult I was evangelized into the Lutheran Church when I married my husband. As a young mother looking for a way to cope, I visited our Lutheran pastor. We only spent a short period of time talking but what I remember and what impacted me the most were the words he spoke that took root in my heart, “God Loves You!” This changed my life and from that time since I have tried to serve God in all that I do. My experience with God changed me as a young mother and impacted how I raised my children.

My prayer was that God would make me of “good soil” so that the seed that had been sown in me would be able to grow healthy and strong. I believe that God has answered and honored that prayer. I have followed my husband to seminary, where I attended many of his classes and participating with him each step of the way. We have always approached ministry as a team, as we do when working together in business.
